Girl Takes Up Father's Trade As Watch Repairer

It's Not a Hobby, but a Full Time Job Shares Shop With Parent

BY BOB BYRD

Watch repairing in Marion has been given a feminine touch by Miss Constance Ruth Butterworth 18 who makes a full time job of helping her father in the operation of a watch repair shop

Believed to be Marion county's only women engaged in the delicate work of cleaning and repairing watches and clocks Miss Butterworth already has five years of experience and lacks only another year of training to qualify her for all branches of watch repair work her father said

Miss Butterworth and her father Frank H Butterworth work together daily in a shop set up in the front room of the Butterworth residence at 616 North Greenwood street Miss Butterworth doesn't limit herself to working for the novelty of it or for the entertainment of visitors—it's a vocation for her and she and her father spend long hours at work their benches only a few feet apart with little time out for conversation

Miss Butterworth took time out from her work to explain she has been interested in the mechanics of watch repairing as long as she can remember Her father nodded affirmation recalling that she used to spend long hours sitting on one end of his work bench watching him repair watches while the other children were at play

Was Errand Boy

Five years ago Miss Butterworth then 13 became the natural choice of her father for errand boy when help was needed From running errands she progressed to polishing the cases after the repair jobs were finished

Her father liked the way she handled the watches carefully and how thoroughly she worked With in a short time he let her start cleaning the plates of the watch mechanism after he had dismantled them for cleaning or repairing She took up these various tasks with such adeptness that now staff work and hairspring adjustments remain for her to master Another year will bring her experience in this kind of work and then she'll be able to do all around watch repair work he said

In late years she has been doing assembly work and making adjustments on parts of the intricate mechanisms of watches learning from experience gained in spare hours out of school and during summer vacations

Miss Butterworth when asked for an explanation of how she became interested in this unusual line of work ascribes her love for it to a natural interest in mechanics and to her ambition some day to own a jewelry store in which she can spend otherwise dull hours repairing watches

Learn by Experiences

She asserts the work is made doubly interesting by the way her father teaches her—it isn't just a case of a teacher lecturing to a pupil He gives me a hint and makes me figure out what is wrong with watches that come in for repairs she explained

Mr Butterworth who has made watch repairing his life's work checks over his daughter's work carefully and in these checkups father and daughter do their classroom work by talking over the different points about care and repair of watches

Miss Butterworth is one of six children Marvin 14 the only boy in the family has shown ability as a woodworker but Miss Constance is the only one who has shown natural ability to follow her father's delicate line of work

The father learned the trade in Rockdale England where he spent six years as an apprentice working for nothing at first and later for a small salary The family came to Marion from Toledo 15 years ago

The photograph above shows Miss Constance Butterworth Marion's only woman watch repair worker at her work bench in the Butterworth home at 616 North Greenwood street

RENEW DRIVE FOR NEW PLANT

Workers Again Take Field Today With Plans To Report This Afternoon

COMPANY OFFICIALS HERE

Defiance Factory Heads Go Over Floor Plans of Power Mfg Co Building

Solicitors in the campaign of the Marion Chamber of Commerce to raise $65,000 to bring the plant of the Defiance Pressed Steel Co to Marion renewed their efforts this morning in preparation for the second report of their progress at 4 30 p m

Today's report was to be taken by telephone or by solicitors reporting in person at the Chamber of Commerce office Meanwhile additional solicitors were drafted to make certain that a long list of prospective contributors might be interviewed within the next few ...

Tentative arrangements for another report meeting Tuesday noon at Hotel Harding in connection with the weekly Rotary club luncheon were mapped this morning at campaign headquarters

As A J Perry and F J Schoenlaub campaign chairman directed the work of solicitor representatives of the Defiance Pressed Steel Co came to Marion yesterday to continue preliminary preparations for setting up their factory in the building of the Power Mfg Co which the Chamber has agreed to furnish

Officers of the company brought with them a blue print of the floor plan of the Power Mfg Co plant and cardboard models of machinery in order that definite plans for

POLICE TO RESUME CHECK ON PARKING

Enforcement of Rules To Be Reinaugurated Monday, Judge Warns

Marion's traffic enforcement program hampered by the furlough of police department members last spring will be reinaugurated Monday it was announced today by Police Chief William E Marks Motorists were issued traffic tags during the past week to serve as an advance warning for the campaign which is to include a thorough check on improper parking and driving violations

Thirty two tags were issued last week the most of which were composed of one time and improper parking violations The tags were turned over to municipal court and Judge William P Martin after dismissing the charges warned that next week he would "clamp down Violators who neglect to appear will be ordered in by the court " he said

The restricted two-hour zone includes State street from Mill to Church Main and Prospect streets from Mill to second alley south of Church Center street from High to Oak street on both sides and on the south side to Orchard street, Church street from State to Prospect. Five minute parking is permitted at the postoffice on Church street from State street to the first alley east.

It was pointed out that cars parked on the street at night must display a rear light from one half hour after sunset to one half hour before sunrise All commercial vehicles and trucks with a length of more than 13 feet should be parked parallel with the street.

LANDON SCORES PESSIMISM OF NEW DEALERS

Rejects Philosophy That "Youths Have No Future Under American System

SAYS U S PROGRESSES

Declares Jobs Can Be Provided Without Government Managing Nation's Business

By The Associated Press

TOPEKA Kas Sept 18 Gov Alf M Landon assailed today the ... who are trying to make youth believe that they have no future under the American system and told a conference of national Young Republican leaders here the Republican party utterly rejects this philosophy

Headed by J Kenneth Bradley of Westport Conn national president of the Young Republican the conferees met in a 3 00-capacity city auditorium to hear Landon

Fred A Seaton Kansas Young Republican chairman said virtually every state in the union was represented by the visitors

The meeting originally set for Sept 11 was postponed when Gov Landon announced his surprise dash to Maine

Still Going Forward

The Republican presidential nominee charging the present administration apparently believes there is no future for the country asserted his belief that America is still on the upgrade that we can eliminate unemployment that the government should tighten the rules governing business but should not attempt to manage business that in a word America will once again be a nation where youth can be confident of its future

The presence of the conferees —young people of other parties also were invited—was interpreted by Landon as proof that the American youth of this land is not willing to surrender liberty for a phantom security

Declaring that governmental powers their extent and method of exercising constitute a campaign issue Gov Landon said

The question raised by this issue—what powers the government shall have and what powers it

Clothing Drive Meets With Fine Response Today

Women Spend Afternoon Sorting Articles Collected in Campaign

This morning's drive for clothing for Marion's needy boys and girls of school age was one of the most successful ever staged in the city workers agreed at noon at the Central fire station where the 16 large truck loads of contributions were heaped in huge mounds ready for the sorting which started shortly after noon

It was impossible to estimate at once how many children can be clothed workers said but it was estimated that nearly 400 pairs of good sturdy shoes were given and Miss Grace Colvin visiting teacher for the public schools expressed the belief that there was a sufficient supply of clothing to put every boy and girl of school age in school and to have a reserve stock from which to draw when winter comes

Work of outfitting many of the children began this afternoon at the station from the generous supply of children's clothing

With the clothing drive a success those who have enlisted in the cause of the needy school children turned to the Saturday morn

LACK OF CORN CUTTERS COUNTY FARM PROBLEM

Plenty of Men Available but There's No Means of Transportation, Employment Agency Reports

Reports that Marion county farmers are having difficulty hiring enough men for their fall corn-cutting needs were verified today by Fred B Scherff manager of the Marion county office of the Ohio State Employment service.

We could give jobs to 200 corn cutters right now as well as 20 or 25 experienced farm hands" Mr Scherff said

He described a paradoxical situation of hundreds of men looking for work and scores of farmers wanting to supply work with neither the job-seekers or the job-givers filling their needs.

The whole problem rests mainly on the inability of jobless men to find transportation from their homes to the farms Mr Scherff explained

Cars Lacking

Men who have been out of work and are on relief do not have cars in which to reach the farms and the farmers in most cases are too busy to drive around and pick them up and then return them to their homes in the evening he said

Mr. Scherff said approximately 600 relief clients are registered in his office for jobs and the great majority of them would take corn-

New Deal's Trade Policy Branded 'Dismal Failure'

Spokesman Tells Milk Producers at Youngstown Reciprocal Pacts Affect Commerce Adversely.

YOUNGSTOWN O Sept 18 Describing the system of reciprocal trade agreements as a dismal failure a spokesman for milk producers urged abrogation of the most favored nation principle of the United States foreign trade policies today

Charles W Holman secretary of the National Cooperative Milk Producers federation told a meeting of the advisory council of the Dairymen's Cooperative Sales association in a prepared address

The foreign trade policy of the administration as carried out through the system of reciprocal trade agreements has turned out to be a dismal failure

Cites Unfavorable Balance

Holman said the U S had trade agreements with Belgium Brazil Canada Cuba Haiti and Sweden and asserted for the first seven months of this year the United States had an unfavorable trade balance of $61,459,103 with the six countries and had an unfavorable trade balance of $23,... with all the countries of the world

Exports to the six countries he said increased $4,751,404 or 11.6 per cent during the first seven months while imports rose $18,959,659 or 21 per cent

These statistics he said plainly indicate the folly of pursuing our present foreign trade policy The state department is deliberately giving away the American market without getting anything in return

Farmers Feel Effects

Dairy farmers he continued have felt the full brunt of this policy through reductions in tariffs ... made in the treaties with Canada Switzerland Finland France and the Netherlands

One of the most ridiculous phases of the program is the application of the most favored nation principle to these so-called trade agreements When an agreement is concluded between our country and a foreign power in which certain concessions are supposed to be given by both sides on a mutual agreement basis the tariff concessions made by the United States apply not only to the country with which we have made the alleged agreement but also to every country in the world with the exception of those countries which are proscribed because of discriminatory treatment of American commerce

The net result is a general reduction in our tariff structure

The Dairymen's Cooperative Sales association is engaged in cooperative milk and cream marketing in western Pennsylvania and eastern Ohio

WARWICK TALKS WITH ATTORNEY

Farmer Takes First Step To Defend Himself Against Murder Charge

LAWYER VISITS HIS CELL

Meanwhile Funeral Arrangements Progress for Victim of Tragedy

Charles Warwick 68 year old Marion county farmer accused of first degree murder in connection with the fatal assault upon his wife Laura 74 Wednesday, took the first step yesterday toward defending himself from the charge by holding a 20-minute conference with his attorney William K Davis

Mr Davis this morning said defense plans had not progressed far enough to justify any predictions as to what Warwick's defense will be He said his first step will be to prepare for a preliminary hearing in municipal court set for Sept. 24

Warwick who has been at the county jail since he confessed he attacked his wife with a section of a fork handle has had no visitors excepting his attorney None of his four children had been to the jail to see him up to noon today

Mingling with 13 other prisoners in the county jail Warwick was reported to have shown no indications of remorse since he confessed He was quoted as having inquired again yesterday if his wife had died and upon being told she was dead remarked That's too bad

To convict Warwick of the first degree murder charge he now faces the state must prove premeditation deliberation purpose and malice in the crime attorneys said this morning.

Meanwhile arrangements for funeral services for Mrs Warwick Saturday afternoon progressed The Warwick residence closed by the sheriff pending the appointment of an administrator to take charge of the property was opened yesterday by Eldon W Lehman son in law of the Warwicks following his appointment in probate court as administrator of the estate

The funeral will be held at 1 30 p m Saturday at the residence and at 2 p m at the Memorial M E church in Caledonia in charge of Rev G A Hickson of Caledonia Burial will be made in Claridon cemetery

LEHMAN REINSTATES GEOGHAN TO OFFICE

By The Associated Press

ALBANY N Y Sept 18—Gov Herbert H Lehman handed William F X Geoghan a clean bill of health and sent him back to Brooklyn today to resume the full duties of office as district attorney in one of the nation's most populous counties

After a 13-day hearing the governor dismissed charges of incompetence negligence and association with notorious persons

Democrats Will Bring "Caravan" Here Saturday

One Day County Tour To Wind Up With Arrival in City at 6 P M

The colorful motorized Roosevelt Davey caravan an innovation in Ohio and national political campaigning, will arrive in Marion county Saturday for scheduled stops in the city and in 11 other communities in the county

The caravan one of 20 touring the country is being routed to every county in Ohio to present speakers and musical entertainment in support of the reelection of President Franklin D Roosevelt and Gov Martin L Davey The one day visit in this county will be in charge of Herbert R Kirk president of the Marion County Democratic club A cavalcade of automobiles carrying county candidates and interested Democrats is expected to follow the caravan

Planned itineraries anticipate carrying the Roosevelt Davey messages to thousands of the municipal and rural communities throughout the nation Approximately 10 000 miles will be covered to contact some 400 000 people in Ohio Daniel S Earhart chairman of the tour and Democratic candidate for congressman at large said Each caravan trailer painted white has a portable platform for use of speakers and officials Latest sound amplifying equipment is carried in the white covered wagon to assure perfect audition of the programs within a radius of several squares Programs call for three addresses of from four to eight minutes

The caravan will arrive in Marion city at 6 o'clock Saturday evening and will remain four hours or longer It is expected to be in the vicinity of the court house Following are a list of brief stops to be made in other Marion county communities Claridon arrive 9 30 a m Caledonia arrive 9 55 a m Martel arrive 10 55 a m Kirkpatrick arrive 11 30 a m Morral arrive 12 10 p m Meeker arrive 1 p m Agosta arrive 1 35 p m LaRue arrive 2 p m Green Camp arrive 3 20 p m Prospect arrive 3 55 p m Waldo arrive 5 10 p m and Marion city, arrive 6 p m

DRIVERS' LICENSE MARK UP TO 1,400

The sale of automobile drivers licenses to local motorists passed the 1400-mark at noon today at the Marion Auto club M E Baldwin deputy registrar of motor vehicles reported

On Wednesday, the opening day of the sale approximately 500 permits were obtained by drivers Yesterday, 734 were sold and this morning the sale neared 200.

PRESIDENT ASKS MIND FREEDOM

Urges Harvard Alumni To Promote Citizenship in 'High Athenian Sense '

SCHOOL 300 YEARS OLD

Audience Told Past Should Be Revered but Direction of Future Also Recognized.

By The Associated Press

CAMBRIDGE Mass Sept 18—President Roosevelt declared today that in this day of modern witch burning when freedom of thought has been exiled from many lands it is the ... of universities and ... to stand for the freedom of the human mind

Speaking in the vast Harvard tercentenary theater before an assembled host of the alumni and visiting scholars Mr Roosevelt asked his fellow alumni gathered to honor their university at its 300th birthday celebration to dedicate themselves to citizenship in the high Athenian sense He urged them

Revere Past Eye Future

To pay ardent reverence to the past but to recognize no less the direction of the future to understand philosophies we do not accept and hopes we find it difficult to share to accord the service of mankind the highest ambition a man can follow and to know that there is no calling so humble that it cannot be instinct with that ambition never to be indifferent to what may affect our neighbors always as Coleridge said to put truth in the first place and not in the second

Early in his speech Mr Roosevelt in bantering vein reminded his hearers that in the past many Harvard alumni were only troubled when Democrats sat in the President's chair at the White House Then he quoted Euripides to the effect that the things feared have not come to pass

On Harvard's bicentenary celebration in 1836 he said many of

(Continued on Page Two)

COUNCIL CRITICIZED FOR ENDING PENSIONS

Firefighters Adopt Adverse Resolution at National Convention in N J

A resolution condemning the city council of Marion for repealing a pension ordinance was adopted yesterday by the International Association of Firefighters at its thirteenth biennial convention in Asbury Park N J The Associated Press reported

W T Latimer of Lorain O one of the backers of the resolution said We want to know if a pension today can be voided tomorrow and if widows and stricken firemen can be forced into poverty Mr Latimer appeared before city council several months ago to protest the abolition of the pension system

Marion firemen through their organization here which is affiliated with the Central Labor union are associated with the International association but none from Marion attended the convention

City council's action that was the target of the association's criticisms repealed ordinances providing for policemen's and firemen's pensions The repealer was voted early this year as an economy move, and immediately became the subject of court suits to test the validity of council's action Test cases for pensions of both firemen and policemen now are pending in common pleas court.

ISLE DWELLERS RUN TO SAFETY OF LIGHTHOUSE

Nine Foot Wall of Water Sweeps Across Entire Island; Seven States Battered

2 MEN REPORTED KILLED

Troops Rescuing Victims of Gale While Red Cross Prepares for Relief Work

(Copyright 1936 Associated Press)

NORFOLK Va Sept 18—Four hundred persons trapped on Ocracoke island N C emerged safely today from a night of hurricane terror while the great windstorm swept northward battering one thousand miles of coast along the ... of seven states

A nine foot tide driven by the terrific winds swept completely across the island which lies 20 miles from the shore

Coast guardsmen said they understood the inhabitants had taken shelter in the famous Ocracoke lighthouse a beacon since 1798

Town Cut Off

The storm blew into Maryland cutting off Ocean City from the mainland The states affected included the Carolinas Virginia Maryland Delaware New Jersey and New York

With dozens of small communities isolated with communications smashed with great waves flooding over coastal areas no one could determine accurately how great the loss in lives and property might be Full gale warnings were posted from here to Maine

Northeast gales signalizing the approach of the hurricane's dead center drove water across the only highway bridge connecting Ocean City with the mainland

Two Reported Killed

Up until noon two men had been reported killed but what the surveys of succeeding days may show was only conjectural

As the hurricane moved northward gradually increasing its momentum community after community dropped away from the outside world

With several ships unreported wireless operators maintained tense vigil along the shores

The fishing schooner Caspian out of Spring Harbor N J failed to report at its destination Portsmouth Va

Gale Causes Alarm

The fast moving hurricane center with its attendant winds of from 60 to 90 miles an hour was causing national and local officials the utmost concern

The Red Cross was standing ready to hurry relief into stricken communities while national guards men were reported acting as rescue workers at some points

The cheering news about Ocracoke transmitted to the coast guard by a small which set also included the information that the settlement at Cape Hatteras around which the storm swept with its worst fury also was free of deaths

Dozens of small towns were cut off from communication with the interior as telephone and telegraph wires were ripped away

Water Floods Streets

High waters swept in from the Atlantic flooding the streets of many coastal areas

Two ships sent SOS calls and Norfolk headquarters of the United States coast guard sent out cutters

With the New Jersey and New York area in the path of the hurricane's sweep the New York area of the coast guard ordered cutters to stand by for emergencies

The government weather service had warned coastal communities for a week that the hurricane was approaching

In New York Dr James H Kimball head of the meteorological service there said that the metropolitan area lay in the path of two atmospheric pressure areas—the low area which is the hurricane and a high area moving in from the great lakes

Refuses to Forecast

Dr Kimball did not attempt to forecast what would happen when the two areas met but he indicated that the high pressure area would act to drive the center of the storm northeastward

This would result it was believed in the New York and New Jersey coasts feeling the full effect of the high winds

The two ships in distress were the Chesapeake light vessel posted off Cape Henry Va which sent an SOS when its anchors slipped and S S El Almirante a freighter which was disabled by a leaking steam valve off Wilmington, Del

The cutter Mendota having brought in the coal barge Hercules from off Cape Henry to Hampton Roads went back to sea to aid the helpless lightship

Cutter Goes to Rescue

The cutter Modoc went out after El Almirante, which was reported 60 miles south of Cape Hatteras—the "graveyard of the Atlantic"

The speed with which the hurri-

GRID SEASON PLANS IN CLOSING STAGES

Workmen Progress With Harding Field Lights; Tickets Being Printed.

While workmen are busy on the installation of lights at the Harding High football field members of the school's athletic association completed plans for a concerted drive on the sale of adult season tickets.

It was necessary for the workmen to blast through solid stone to excavate for the eight 60-foot poles on which the giant flood lights will be placed. Placing of the poles was to begin today, G. L. Pierson, assistant superintendent in charge of service of the C. D. & M. Electric Co., reported. Additional equipment for the lights to provide for the night football games is expected early next week.

At least four games and possibly the fifth will be played under the floodlights. Mr. Gilead [illegible] here for the opening home game Sept. 26 and athletic officials have not definitely decided whether the game will be played Friday night or Saturday afternoon.

The adult season tickets are being printed and will be sold by senior classmen at Harding High. The tickets for the four games are $2. Football placards, schedule folders and stickers for automobiles are being printed in the Harding High print shop. The uptown district is to be canvassed early next week in the ticket sale drive.

Your Health

BY DR. K. S. COPELAND

Visit Your Physician

Within the past quarter of a century the practice of medicine has undergone a marked change. In former years the doctor was ... fight ... the effects of disease. The old time practitioner did ... and could ... the many things that render disease ... has made possible ... especially ... the development in the ... prevent disease. Physicians today are ... concerned with the prevention than with the cure of disease.

I always am urging upon you the value of periodic health examinations and the importance of early care for all physical defects. A great deal has been written about the value and the necessity of such examinations, but it is a difficult task to convince the vigorous healthy person of his need to consult a physician. He does this when he really is sick, but he ... hates ... to the doctor when he is well or apparently well.

Those who wait for aches or pain to send them to the family physician should learn that by a careful medical examination certain diseases like diabetes, tuberculosis and cancer can be recognized in their curable stage. When discovered early and treated properly relief and in many cases complete cure can be had.

Almost always the person who submits to such an examination is pronounced fit and in excellent health. He has the satisfaction of knowing that when next he is examined by the doctor any defect no matter how slight will be found in the curable stage. The first test is the important one, but each succeeding one has its value when checked against the first.

You shouldn't drive an automobile without an occasional overhauling. Yet many persons appear to expect their bodies to function perfectly without overhauling or adjustment. ... serving health by early discovery of ... means for that ... long er happier and more useful life.

We recommend periodic health examinations ... at least ... complete examination of the body and its functions at least twice a year. The heart, blood vessels, the digestive organs, tonsils and other parts where weakness might be expected are carefully checked for signs of wear and tear. The span of life is lessened if one learns too late that trouble is brewing.

If you have not recently consulted a physician let me urge you to do so now. Do not postpone this visit waiting until you have pain. Visit your doctor before you are sick. Prevention rather than cure determines the health of the nation.

Mark your calendar for a visit to the doctor every six months. Tell your friends of the many advantages found in this method of combatting disease and poor health. Complete cooperation between the general public and the medical profession is necessary if the effort to ... better national health is to be a success.

YOU SHOULD SEE WHAT I EAT NOW

Well known Ohio citizen says terrible suffering he used to have from indigestion, cramps and gassy stomach has vanished since taking Vendol Also relieved of constipation and dizziness

"... to see the hearty ... I eat now since taking Vendol," declared Mr Louis Straub of 966 Berger St, Columbus Ohio

MR LOUIS STRAUB

"But before I took this great herbal remedy I was always suffering with my stomach in one way or another Just seemed like every mouthful of food caused indigestion and cramps would nearly double me up Gas would bloat me so badly my heart would flutter and at times I'd have difficulty in breathing As you might expect I soon lost all desire for my meals

To make matters worse, I was constipated all the time and as a result I suffered a lot with sickening headaches and a coated tongue and there was a bad taste in my mouth Frequently tiny dark spots would seem to dance before my eyes and whenever I'd bend over I'd get so dizzy I could hardly see My nerves were quivery my sleep was anything but restful, and the least bit of exertion left me tired and wornout

It seemed that Vendol was exactly what I needed and went to the root of my troubles and now I feel like a new man I have as fine an appetite as anybody could want and I believe I could eat anything without suffering in any way with my stomach My bowels act regularly every day and the biliousness dizzy spells and other complaints have vanished I sleep like a log and I'm stronger and more active than I've been in a long while

VENDOL

You can also get the same relief by taking this pleasant prompt acting medicine Vendol is made by adding valuable ingredients to pure extracts of

12 ROOTS & HERBS

Vendol is sold by all leading druggists everywhere and is highly recommended here by Henney & Cooper

LOOK FOR THE PACKAGE WITH THE WINDOW

ORDER THIS NEW DELICIOUS CEREAL TODAY

Whole Wheat — Kellogg's Krumbles are made of the finest wheat You get all the nourishment of the wheat kernels because nothing is taken away.

Shredded — No other cereal is shredded like Kellogg's Krumbles For proof, look at Kellogg's Krumbles through the window in the package.

Flavored — After the whole wheat is shredded it is given the famous Kellogg flavor — a delicious blend of malt, sugar and salt— and toasted to a golden brown Crisp and crunchy. A grand treat with milk or cream.

At Your Grocer's — Sold everywhere in the new window package. Nine full ounces Oven-fresh and ready to eat. Made by Kellogg in Battle Creek.

KELLOGG'S KRUMBLES ARE SOLD IN THE NEW WINDOW PACKAGE

● We suggest you also try Kellogg's Shredded Whole Wheat Biscuit with the natural wheat flavor.

"I found the grandest Bath Soap.... it lathers twice as much"

City Given High Rating in Industrial Survey

...mpany Prepares Report on Marion Features of Interest To Manufacturing Concerns

...akes Marion effe... as a location ... e ... ed in de... recently completed ... Chamber of Commerce ... Ma... of Industrial ... of Beaver Pa for us ... among industries co... ge in location ... gives detailed in... also the city's loca... to transportation facilities and other factors which are of concern to industries seeking a local location.

Marion is listed as being only 50 miles southwest of Sandusky which provides a true Lake shipping outlet and is shown to be within 750 miles of ... per cent of the population of the United States within 500 miles of ... per cent of the country's population and within a 24 passenger ... and three freight delivery days of more than ... 000 000 persons

It is pointed out that Marion is served by ... railroads and is centrally located with reference to the distribution of finished goods and raw materials to eastern and western markets.

Climate Agreeable

The survey engineers describe Marion's climate as being a desirable industrial climate with an average rainfall of 31 33 inches an average annual mean temperature of 5 .1) degrees and an average of 113 clear days a year. The ... here provides enough differentials ... temperature to create efficiency it is pointed out.

The city's population is estimated at 34 000 a substantial increase over the 1930 census which placed the population at 31 084. The average family in the city consists of 3.2? persons approximately the same as for the state as a whole and the city's residential quarters consist of ... houses of which 4 313 are owned by the occupants and 3 ... are rented. Most families in the city consist of two persons the survey show there being ... such families ... listed. The second largest number of families in the classification by numbers is the group having three persons of which there are 1 883.

The survey lists Marion as being unusually free from strife with reference to civic activities and ... having an unusually friendly attitude toward industry. Ninety eight per cent of the population is white American born.

Recreational facilities listed include three parks two golf courses ... stadium three playgrounds ... clubs ... social clubs ... country club three ball parks four theaters and one swimming pool. It also lists ... fraternal organizations and one library. It describes the fishing as excellent the hunting as offering pheasants and rabbits in abundance and Boy Scouts ... the survey ... several troops and a ... camp.

Death Rate Low

The city has a death rate of around 10 persons to each 1 000 persons whereas the rate for the state as a whole is 1... the survey shows. It also comments that the industrial fatalities in the city over past several years have been practically negligible.

The schools are described being excellent ... with the ... that graduates ... High school may enter universities and colleges in ... state.

It is pointed out that although Marion has no coal its coal cost gas cost electric and oil costs are exceptionally low.

The survey contains detailed information about freight rates on different kinds of materials used in manufacturing and information about the freight handling facilities and service available to industries that locate here.

Public utility rates are also ... as are living costs generally. The names of Marion churches are listed and brief descriptions ... of the Chamber of Commerce and some of the business concerns. The type of industrial products manufactured here are listed.

The Stars Say—

For Saturday Sept 19

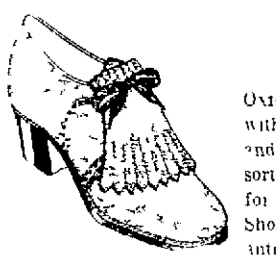

According to the lunar and mutual aspects of the dominant planets this may be a day of unexpected unsettlement disturbance and distress attended by confusion and bewilderment. At the source of this unrest there may be a bereavement or ... ing of an elderly friend. It is possible that this may occur in a long journey or a complete change of environs and interests but the auspicious outcome depends on sound decisions. It would be well to give full deliberation to matters of moment and to shun rash moves and guard against accidents.

Those whose birthday it is may be prepared for a year of disturbing unsettled and chaotic conditions with radical changes or a long journey after taking up on the loss of an old friend or other bereavement. It would be well not to permit sorrow to becloud the intellect as sound judgment may modify future welfare. Beware of snap judgment and be on guard against accidents or sudden moves.

A child born on this day may have a profund mentality but may be difficult to understand. It may be moody melancholy and crafty.

Notable nativity Marshall Wilder comedian.

STOCKS FORGE AHEAD AGAIN

Rail Bonds and Commodities Improve but Foreign Monies Remain Quiet

By The Associated Press

NEW YORK Sept 18—Business and industrial optimism [illegible] having [illegible] in today's stock market and many issues steamed up fractions to [illegible] more points

[illegible] were a shade better as were commodities Foreign currencies were quiet and mixed

Conspicuous stocks on the upside were Santa Fe Union Pacific Chesapeake & Ohio Chrysler General Motors [illegible] Union Oil Consolidated Oil Standard Oil of New Jersey U S Steel Bethlehem Youngstown Sheet & Tube [illegible] J I Case Deere Kennecott American Smelting International Nickel Westinghouse American Can Allied Chemical International Paper and Power Preferred Lee Rubber General Asphalt Corn Products and American Metals

Steadiness of building equities was in line with the figures released by the Engineering News Record disclosing private engineering construction awards this week were the largest in more than five years

Helpful to market sentiment were the week end trade reviews which indicated retail sales were keeping up a brisk stride in most cities of the country

Business suffered in some sectors because of the lingering summer heat it was said but fall wear buying served to sustain volume

At the beginning of foreign exchange transactions the French franc was up 00 1 16 of a cent at 6 58 7 16 cents and sterling was [illegible] of a cent higher at $5 06[illegible]

MEMBERSHIP BOOST REPORTED BY W.C.T.U.

Repeal of Prohibition Has Brought Increase in Roll, Officers Say.

Repeal of the Eighteenth amendment has been responsible for increased membership in Marion county's five Women's Christian Temperance Union groups members said today as they heard reports at the annual county meeting at the Central Christian church.

Each of the unions in Marion [illegible] and LaRue reported additions of members in the last year and Mrs William Imbody county [illegible] that [illegible] 3,450 new members in the state and more than [illegible] throughout the country

Money [illegible] memberships is being [illegible] a million dollar fund with which to stage a temperance educational campaign throughout the nation it was announced

Approximately 50 women from the Anna Gordon Frances Willard and Florence [illegible] unions of Marion and Anna Clark union of [illegible] and the LaRue union were present this morning and a larger attendance was expected for this afternoon's session to hear Rev James O [illegible] pastor of the church speak on The Present Need of Temperance Work

Officers were to be elected this afternoon

At this morning's session committee reports were given and at noon Miss Minnie Hoover conducted a [illegible] prayer service preceding lunch Mrs A L Wood led the singing this morning with Mrs Roy Hellick at the piano and Mrs Mary Jennings conducted devotions

ZACHMAN NAMED BY MASONIC BODY

[illegible] D Zachman secretary of the Marion Masonic Temple Co and several Masonic bodies was elected recorder of Marion Commandery No 36 Knights Templar, last night at the commandery's first meeting this fall Mr Zachman was named to complete the term of the late O E Waddell

Plans for sending a delegation to the grand conclave of Knights Templar at Akron were discussed The conclave will be held Oct 13 14 and 15 The commandery will meet each Thursday at 7 30 p m at the temple
